Fourth Quarter 2025 Results

Total net revenue for the quarter ended December 31, 2025 increased 23% to \$92.9 million, compared to \$75.4 million in the fourth quarter of 2024. Total net product revenue for the quarter included \$84.1 million of MACI (autologous cultured chondrocytes on porcine collagen membrane) net revenue, \$8.1 million of Epicel[®] (cultured epidermal autografts) net revenue, and \$0.7 million of NexoBrid[®] (anacaulase-bcdb) net revenue, compared to \$68.3 million of MACI net revenue, \$6.0 million of Epicel net revenue, and \$1.0 million of NexoBrid net revenue, respectively, in the fourth quarter of 2024.

Gross profit for the quarter ended December 31, 2025 was \$73.1 million, or 79% of net revenue, compared to \$58.5 million, or 78% of net revenue, for the fourth quarter of 2024.

Total operating expenses for the quarter ended December 31, 2025 were \$50.7 million, compared to \$40.0 million for the same period in 2024. The increase in operating expenses was primarily due to increased headcount and related employee expenses and additional costs related to the Company's new Burlington facility, including depreciation and manufacturing start up activities for MACI.

Net income for the quarter ended December 31, 2025 was \$23.2 million, or \$0.45 per diluted share, compared to \$19.8 million, or \$0.38 per diluted share, for the fourth quarter of 2024.

Non-GAAP adjusted EBITDA for the quarter ended December 31, 2025 was \$37.3 million, or 40% of net revenue, compared to \$29.9 million, or 40% of net revenue, for the fourth quarter of 2024. A table reconciling non-GAAP measures is included in this press release for reference.

Full-Year 2025 Results

Total net revenue for the year ended December 31, 2025 increased 16% to \$276.3 million, compared to \$237.2 million in 2024. Total net product revenue for the year included \$239.5 million of MACI net revenue, \$32.1 million of Epicel net revenue and \$4.7 million of NexoBrid net revenue, compared to \$197.3 million of MACI net revenue, \$36.6 million of Epicel net revenue and \$3.3 million of NexoBrid net revenue in 2024.

Gross profit for the year ended December 31, 2025 was \$205.6 million, or 74% of net revenue, compared to \$172.1 million, or 73% of net revenue, in 2024.

Total operating expenses for the year ended December 31, 2025 were \$194.6 million, compared to \$167.6 million in 2024. The increase in operating expenses was primarily due to increased headcount and related employee expenses and additional costs related to the Company's new Burlington facility, including depreciation and manufacturing start up activities for MACI.

Net income for the year ended December 31, 2025 was \$16.5 million, or \$0.32 per diluted share, compared to \$10.4 million, or \$0.20 per diluted share, in 2024.

Non-GAAP adjusted EBITDA for the year ended December 31, 2025 was \$70.9 million, or 26% of net revenue, compared to \$53.4 million, or 23% of net revenue, in 2024. A table reconciling non-GAAP measures is included in this press release for reference.

About Vericel Corporation

Vericel is a leading provider of advanced therapies for the sports medicine and severe burn care markets. The Company combines innovations in biology with medical technologies, resulting in a highly differentiated portfolio of innovative cell therapies and specialty biologics that repair injuries and restore lives. Vericel markets three products in the United States. MACI (autologous cultured chondrocytes on porcine collagen membrane) is an autologous cellularized scaffold product indicated for the repair of symptomatic, single or multiple full-thickness cartilage defects of the knee with or without bone involvement in adults. Epicel (cultured epidermal autografts) is a permanent skin replacement for the treatment of patients with deep dermal or full thickness burns greater than or equal to 30% of total body surface area. Vericel also holds an exclusive license for North American rights to NexoBrid (anacaulase-bcdb), a biological orphan product containing proteolytic enzymes, which is indicated for eschar removal in adults and pediatric patients with deep partial-thickness and/or full-thickness thermal burns. For more information, please visit www.vcel.com.

GAAP v. Non-GAAP Measures

Vericel's reported earnings are prepared in accordance with generally accepted accounting principles in the United States, or GAAP, and represent earnings as reported to the Securities and Exchange Commission. Vericel has provided in this release certain financial information that has not been prepared in accordance with GAAP. Vericel's management believes that the non-GAAP adjusted EBITDA described in this release, which includes adjustments for specific items that are generally not indicative of our core operations, provides additional information that is useful to investors in understanding Vericel's underlying performance, business and performance trends, and helps facilitate period-to-period comparisons and comparisons of its financial measures with other companies in Vericel's industry. However, the non-GAAP financial measures that Vericel uses may differ from measures that other companies may use. Non-GAAP financial measures are not required to be uniformly applied, are not audited and should not be considered in isolation or as substitutes for results prepared in accordance with GAAP.

Forward-Looking Statements

Vericel cautions you that all statements other than statements of historical fact included in this press release that address activities, events or

developments that we expect, believe or anticipate will or may occur in the future are forward-looking statements. Although we believe that we have a reasonable basis for the forward-looking statements contained herein, they are based on current expectations about future events affecting us and are subject to risks, assumptions, uncertainties and factors relating to our operations and business environment, all of which are difficult to predict and many of which are beyond our control. Our actual results may differ materially from those expressed or implied by the forward-looking statements in this press release. These statements are often, but are not always, made through the use of words or phrases such as “anticipates,” “intends,” “estimates,” “plans,” “expects,” “continues,” “believe,” “guidance,” “outlook,” “target,” “future,” “potential,” “goals” and similar words or phrases, or future or conditional verbs such as “will,” “would,” “should,” “could,” “may,” or similar expressions.

Among the factors that could cause actual results to differ materially from those set forth in the forward-looking statements include, but are not limited to, uncertainties associated with our expectations regarding future revenue, growth in revenue, market penetration for MACI[®], MACI Arthro[®], Epicel[®], and NexoBrid[®], growth in profit, gross margins and operating margins, the ability to continue to scale our manufacturing operations to meet the demand for our cell therapy products, including the timely qualification of a new manufacturing facility in Burlington, Massachusetts, the ability to sustain profitability, contributions to adjusted EBITDA, the expected target surgeon audience, potential fluctuations in sales and volumes and our results of operations over the course of the year, timing and conduct of clinical trial and product development activities, timing and likelihood of the FDA’s potential approval of the use of MACI to treat cartilage defects in the ankle, the timing and likelihood of obtaining market approval for MACI in the United Kingdom, the estimate of the commercial growth potential of our products and product candidates, competitive developments, changes in third-party coverage and reimbursement, including recent and future healthcare reform measures and private payor initiatives, surgeon adoption of MACI Arthro, physician and burn center adoption of NexoBrid, labor strikes, supply chain disruptions or other events or factors that might affect our ability to manufacture MACI or Epicel or affect MediWound’s ability to manufacture and supply sufficient quantities of NexoBrid to meet customer demand, including but not limited to conflicts in the Middle East region involving Israel, negative impacts on the global economy and capital markets resulting from the conflicts in Ukraine and the Middle East and political and military developments in South America, including those associated with potential further involvement by the U.S., changes in trade policies and regulations, including the potential for increases or changes in duties, current and potentially new tariffs or quotas, lingering effects of adverse developments affecting financial institutions, companies in the financial services industry or the financial services industry generally, changes in governmental monetary and fiscal policies, including, but not limited to, Federal Reserve policies in connection with continued inflationary pressures, the impact from future regulatory, judicial and legislative changes to our industry or to the broader landscape, including those included in the One Big Beautiful Bill Act (the “OBBBA”), a U.S. government shutdown and global geopolitical tensions.

These and other significant factors are discussed in greater detail in Vericel’s Annual Report on Form 10-K for the year ended December 31, 2025, filed with the Securities and Exchange Commission (SEC) on February 26, 2026, and in other filings with the SEC. These forward-looking statements reflect our views as of the date hereof and Vericel does not assume and specifically disclaims any obligation to update any of these forward-looking statements to reflect a change in its views or events or circumstances that occur after the date of this release except as required by law.
